

**Philadelphia E&T Charter High School  
Discrimination/Harassment  
Informal Resolution Request**

On \_\_\_\_\_ [insert date] \_\_\_\_\_, a formal complaint of harassment was filed with the Philadelphia E&T Charter HS. The Title IX Coordinator has provided to me and my parent/guardian the school district non-discrimination and harassment policies and explained the process that takes place based on the filing of a formal complaint.

After reviewing the Philadelphia E&T's policies and procedures, I am voluntarily requesting to participate in the ***Informal Resolution Process***. I would like to resolve the complaint through the Informal Resolution Process because I believe it is the best option to seek a resolution.

I understand that the Informal Resolution Process can only be initiated and proceed if both the Complainant and Respondent voluntarily agree to participate. I also understand that I can withdraw from the Informal Resolution Process at any time prior to agreeing to a resolution and resume the formal grievance process.

If the other individual and I agree to participate in the informal resolution process, I will be notified and the Title IX Coordinator will select a trained Informal Resolution Facilitator to manage the process.
